Keep Ocean City Clean & Green

OutdoorPartner Media and Ocean City Mayor Jim Mathias proudly present Jennifer Ashwell, a 6th grader from Berlin Intermediate School, with an Award Certificate and Prize Pack for her winning entry in the "Keep Ocean City Clean and Green" art contest. Jennifer's work is now displayed on the PartnerBin recycling receptacle outside City Hall. The contest, sponsored by OutdoorPartner Media, is part of a program to educate students about responsible litter disposal and ways to keep the streets of Ocean City clean. Twenty-five students from Berlin Intermediate School took part in the contest and created paintings incorporating the theme. Although the decision was difficult, judges chose Jennifer's work because it best exemplified the spirit of the competition. A special thank you to the judges—Veronica Kahn, Stan Kahn, Bruce Gibbs, Terri Gibbs, Mike Brian, and Julie Brian—for their very difficult task of selecting the winning work of art.
